Can anyone help? Facebook returns a 400 HTTP error, and a JSON content like: { "error": { "type": "OAuthException", "message": "Invalid OAuth access token signature." } } I'm searching the different returns of the same kind it is possible to get. Each script includes the creation date, comments, a star rating and the ability to "fork" or clone the script.OpenUserJS.org: You can use the search box to search for the type of Facebook code you are seeking 5a02188284
